

LASER PRINTER

TECHNI-PRINT® 4.0 HEAT TRANSFER PAPER

Product #9810P0

Designed for both fuser oil & oil-less laser printers and copiers. Is for the transfer of photos and images to **light colored T-shirts, sweatshirts, mouse pads, coasters, puzzles, leather, and other goods**. This is the easiest laser product to use and has the least ‘hand’. This product is best for use on high heat lasers. TECHNI-PRINT® 4.0 is often referred to as ‘The JET-PRO® SS of the laser world’.

COMMERCIAL PRESS INSTRUCTIONS

PRINTING INSTRUCTIONS:

1. Print the image in reverse/mirrored format.
2. Trim away the unprinted areas of the transfer if desired.

PRE-TRANSFERRING INSTRUCTIONS:

1. Prepare the substrate by ensuring the surface is clean, dry and wrinkle free.

TRANSFERRING INSTRUCTIONS:

1. Place the transfer on top of the garment with the image side touching the substrate (backing paper is facing you).
2. Press **30 seconds @ 375°F** using **medium/heavy** pressure.
3. Peel **the paper while still hot** in a smooth even motion.
4. For best “hand”, stretch the garment while hot.

WASHING INSTRUCTIONS: Turn garment inside out and wash in cold water using a mild detergent. Do not use bleach. Dry on low-heat setting. Do not iron directly on the transferred area. **IMPORTANT:** Heat presses vary in accuracy. The sellers and manufactures maximum obligation shall be to replace any paper that has proven to be defective.
